To Be Read Before Ordering

NON-WARRANTY

WE wish to be distinctly understood that, while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering goods.

We aim to get new customers and keep old ones, and by honorable dealing to satisfy both customers and ourselves.

CONDITIONS OF SALE

This list cancels all previous quotations. All offers are made subject to goods being unsold. These prices include delivery unless otherwise stated.

As heretofore, all sales and quotations are made on a strictly cash basis, regardless of the responsibility of the customers. We make low prices, guarantee full count, and render the best possible service in every way.

All claims must be made immediately upon receipt of goods; later claims will not be considered. When loss occurs through our fault we will take pleasure in correcting it, but we cannot be held responsible for damages occurring in transit.

We cannot hold plants on an inquiry without a guarantee of acceptance.

Orders for growing crops accepted subject to crop failure,

shortage or other causes beyond our control.

We prefer to ship orders by express; they then travel at a special plant rate, which is considerably lower than regular merchandise. It is not necessary that charges should be prepaid to secure this rate. We have the Adams and Wells Fargo Express.

We take all possible means to keep every variety separate

and true to name.

To all who are interested in horticulture we extend an invitation to visit our establishment at any time, and to inspect our stock, feeling confident that they will find it up to the highest standard of perfection that is possible to attain.

We are located 12 miles north of Baltimore. Get off at Cowenton on the Philadelphia division of the B. & O. R. R., or at Chase on the P. B. & W. of the Pennsylvania system.

DAHLIAS

These prices are for good, strong divisions of roots or plants. We have a large stock of roots of nearly all kinds, with the exception of the newer varieties, which can only be supplied in growing plants. When the demand exceeds the supply of roots or when preferred by the customer, we will furnish plants (which are preferred by many experienced growers) in the Spring at the proper time for planting out.
